## SACRAMENTO.

### The Joint Republican Caucus Resolves

### To ELECT A UNITED STATES SENATOR.

### The Fight Over the Supreme Court Begins in the Assembly--The Irrigation Committee.

*Associated Press Dispatches to The Times.*

SACRAMENTO, July 28.—The Republicans joined causes of Senators and Assemblies, to consider the advisability of electing a Republican to succeed Hearst, was held to-day. Mr. McDowell presided, and F. D. Ryan, Clerk of the Assembly, was Secretary. Seventy Republican Senators and Assemblies answered the roll call. There was no question whatever as to the expediency of going into the election of a Senator next Tuesday, and the only difficulty foreseen was the possibility of a quorum not being present next Tuesday on account of the Grand Army celebration in San Francisco.

A vote was taken, it was unanimous, to decide to proceed with the election of a successor to Hearst next Tuesday, and a committee was appointed to take the necessary steps to secure a majority vote, and in every possible way to expedite the business of the election.

It was suggested that a commission be appointed which would consider the question and submit a bill at the next Legislature.

Mr. Cross urged the drawing up of a bill to appropriate irrigation water rights upon which an agreement could be reached, and which might serve as a basis for legislation.

He thought that the Whitney bill was an attempt to crystallize principles, and for that reason was useful.

Whitney explained that it had been his object in formulating the bill to make simple a concession of principle, so far as water where water is used for irrigation.

Mr. Reddy said there can be one remedy, and that is to make provision for the payment of irrigation rights as a payment for them. What we want is a provision in our Constitution enabling the Legislature to condemn and to establish a system for acquiring and distributing the waters of the State for irrigation purposes.

He suggested that the members of the Assembly adjourn after the meeting to Tuesday and fulfill their duty to their party by electing a United States Senator.

Nothing especially new has been developed with regard to the candidates who are mentioned as possible successors of Hearst.

### LEGISLATIVE PROCEEDINGS.

#### Senate.

#### SACRAMENTO, June 28.—The Senate met at 11 o'clock, President Daggett in the Chair.

Mr. McClellan presented the memorial of the San Francisco Bar Association, advising the Legislature not to attempt a reorganization of the Supreme Court.

Mr. Moore, of Sacramento, introduced a resolution to amend Article 14 of the Constitution, so as to confer on the Legislature power to acquire water rights for irrigation and beneficial uses, and the power to establish irrigation districts and provide for the distribution of water.

The bill making an appropriation for the expenses of the extra session was passed to the third reading.

On motion of Mr. Walrath, the consideration of the bills was postponed until to-morrow night.

### SAN FRANCISCO.

#### A Desperate Highhanded Bloody Riot.

SAN FRANCISCO, July 28.—The Assembly convened at 10 a. m., Speaker Parks presiding.

Mr. Hart, chairman of the Committee on Constitutional Amendments, reported back Mr. Davis's bill for reorganizing the Supreme Court, with a recommendation that it be passed.

Mr. Yerkes moved to have the bill referred to the committee on the question.

The caucus adjourned after the members had pledged themselves to support the bill.

Nothing especially new has been developed with regard to the candidates who are mentioned as possible successors of Hearst.

### THE ASSEMBLY COMMITTEE.

The Assembly adjourned at 11 o'clock this morning. The Moffit Bill came up. It repeats Section 1422 of the Civil Code, which is the basis of future protection for riparian possessors.

Mr. Moore moved to report the bill.

Colonel Brigham received a letter from Minister Jackson last night, saying that he had no doubt the matter about Outing would be settled in a few days.

## ANOTHER OUTRAGE

### An American Citizen Smuggled into Mexico

### AND SIMPLY SHOT WITHOUT TRIAL.

*Editor Cutting Shift in Jail at Potosi Denies the Result of Diplomacy*

*Associated Press Dispatches to The Times.*

GALVESTON, July 28.—The Republicans joined causes of Senators and Assemblies, to consider the advisability of electing a Republican to succeed Hearst, was held to-day. Mr. McDowell presided, and F. D. Ryan, Clerk of the Assembly, was Secretary. Seventy Republican Senators and Assemblies answered the roll call. ### STILL IN PRISON.

### No Hope for the American Citizen in a Mexican Dungeon.

EX. PASO, Tex., July 28.—There are no new developments whatever in the cutting case to-day. He is still in jail, and it looks as if he was apt to stay there quite a long time. The Federal Government has evidently concluded not to take any active steps in the matter, but resort to the slow and time-wasting methods of diplomacy, in which Mexicans are far greater adepts than Americans. The situation is one of stalemate, and the diplomats of the two countries until very losses threaten it.

The night Cuttig was again arrested, he was confined to his cell, and carried before Justice of the Peace.

Mr. Walrath moved as a substitute that it reported without a recommitment.

Mr. Walrath's substitute was defeated by the following vote:

Axes—Oliver, Gregory, Kalbe, Woodward, Walrath—5.

Nom.—Ash, Clark, DeWitt, Edmonson, Gandy, Hazzard, Howell, May, Moffit, McDonald, Patterson, Reeves, Swaine—5.

The original motion was then voted down.

Mr. Minard introduced a substitute to the De Witt bill, which is identical with the Del Valle Senate bill. The substitute was identical with the substitute also offered by Mr. De Witt to the bill introduced by Mr. Jackson.

Colonel Brigham received a letter from Minister Jackson last night, saying that he had no doubt the matter about Outing would be settled in a few days.

### WASHINGTON.

### The Southern California Judicial District Bill Reported.

WASHINGTON, July 28.—In the Senate to-day Mr. Edmunds, from the Judiciary Committee, reported the bill to detect certain counties from the United States judicial District of California, and to create the United States judicial District of Southern California.

### A POWOW WITH THE GREAT FATHER.

The delegation of Apache Indians, including Chico, who have been in the country several weeks in charge of a timber camp and dynamite plant, was here yesterday and killed another officer of the police. Officer Martin, who was near, saw Chico fleeing from the scene of the murder and ran after him. The Chinaman turned and snapped a double-barreled shotgun in the man's face. Officer Martin was arrested, taken to prison and charged with murder. Chico, on searching, was found to possess four pistols. He was released on a writ of habeas corpus, however, and given his arms by the sheriff. It is believed that the shooting grew out of trouble between rival Chinese societies, of which both were members.

### A CHANCE FOR ANOTHER VETO.

Mrs. Moore, the President's mother-in-law, is a guest at the White House. She arrived this morning, and will remain until Wednesday.
